

Shopping for Supply Chain Support in Retail Grocery?

Redwood offers a cartful of value-added solutions that help you deliver the right product to the right location at the right cost.

From farm or plant to store shelf, the grocery supply chain is long and complex. To meet fast-changing shopper needs and succeed in a crowded market, retailers must master these challenges:

Tight delivery timelines

Need for real-time shipment visibility

Unstable freight costs

Temperature controls and other special handling

Strict safety and quality protocols

Accurate demand forecasting and planning

What Grocery Retail Customers Can Expect From Redwood

- Deep understanding of food & beverage challenges from sourcing to delivery.
 - Battling through seasonal, promotional and unexpected demand surges.
 - Access to a vast network of carriers and transportation assets.
 - Advanced supply chain tech paired with best-in-class logistics execution.
- Tailored plans to optimize inventory, minimize costs, and connect your systems.
- In-house project management expertise.

R

Just like shopping a supermarket during rush hour, Retail Grocery logistics can be difficult to navigate. Why not bring Redwood along to help?

We offer:

1

Extensive supply chain capabilities suite

As a Modern 4PL, Redwood's comprehensive solutions and services enable us to meet your specific cost and service goals.

2

Decades of experience

Drawing from extensive hands-on experience in the grocery industry and leveraging proven best practices, we are equipped to handle any obstacle you encounter.

3

Advanced digital solutions

Achieving success in retail grocery demands real-time visibility, data-driven decision-making, and process automation to adapt swiftly to shifting demands. Redwood's technology solutions pave the way for making this vision a reality.

4

Scalability

Change is inevitable. But Redwood scales alongside you, ensuring the perfect fit for your evolving business.

5

A problem-solving approach

Redwood isn't focused on quick fixes or off-the-shelf solutions. Instead, we take the time to understand your strategic needs and build a long-term partnership.

Redwood can check off your entire shopping list.

Whether you need outsourced logistics, cutting-edge technology or a seamless blend of both, Redwood is your trusted 4PL partner. Our solutions include:

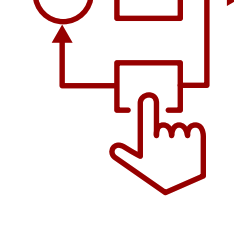

Truckload shipping

Less-than-truckload shipping
